POLICE COURT ECHOES OF THE GAME.

Prisoners—We were wit' Princeton, Yer Honor. Kin yer blame us fur feelin' bad? PINKERTON A WITNESS.

Questioned To-Day by the Senate Investigating Committee. Senator Jacob H. Gallinger, of New Hampshire, Chairman of the Senate Committee on the Judiciary, and Senator W. A. Peffer, of Kansas, arrived in this city this morning and at 10:30 began their inquiries in the office of Clarence A. Seward in Nassau street.

The Senators have taken testimony in Chicago, Pittsburgh and Homestead and will finish their work in New York.

Mr. Pinkerton testified that twenty-six years ago the agency began to furnish men for strike difficulties, and from that time up to date the agency's forces have been called into requisition on seventy different occasions.

The principal ones being the coal miners' strike in Illinois, Lake Shore Railroad strike, stock yards strike in Chicago, New York Central strike, New Jersey Central Railroad coal docks strike, Philadelphia and Reading Railroad strike, and the Southern Railway strike in Philadelphia.

In all, the witness said, there were 305 Pinkerton men sent to Homestead. The Sheriff, he said, had promised to swear them in as deputies, but did not do so.

"When our men have been armed it is always the custom to have them sworn in as deputies," said Mr. Pinkerton.

The witness promised to submit an additional statement to the one published Aug. 3 from Homestead and brother West's statement.

"Capt. Hind, who had charge of the men who went to Homestead, was the only other witness heard to-day."

He testified to having engaged men for service during the strike there, and told what was the nature of the contract, and of the general conduct on the part of the men who were engaged.

The testimony of Capt. Hind completed the work of the committee so far as a hearing evidence is concerned, and the committee will hold no more sessions until after the opening of Congress, when a report will be presented to the Senate.

WARMER CLIME FOR BLAINE. The Ex-Secretary of State to Go to Pasadena, Cal.

WASHINGTON, Nov. 26.—Mr. Blaine's condition continues to improve. He is now able to walk about the house, and is able to receive visitors.

As soon as Mr. Blaine is able he will leave Washington and take up his residence at least for a time—in some warmer and more agreeable climate than that which he has been experiencing in this city.

The weather here is irritating the bronchial trouble, and the doctor in charge finds more difficulty in effecting a cure.

Mr. Blaine's present condition is such that, in view of complications which may arise at any time, he deems it best to seek a climate that will do for him what medical skill does not appear to do here.

It is understood that Pasadena, Cal., has been selected as the most suitable place for a residence, and that Mr. Blaine and his family will go there early next month, starting about the first of December.

Blaine is very much better this morning.

Gen. Roosevelt Has No Respect for Competitive Examinations.

WASHINGTON, Nov. 26.—General Roosevelt, Register of the Treasury, in his annual report to the Secretary of the Treasury, makes a strong statement in regard to the operations of the Civil Service Law.

Among other things, he says: "Competitive examinations for promotion, as conducted by the Civil Service Commission, have given very unsatisfactory results. These results condemn the system to neither superior nor to the clerical force in this bureau."

"The public service does not, as prime quality, demand that employees should be selected by competitive examinations, and to give perceptive instruction on department and general matters; it requires efficient clerical service. Therefore, the monthly record of efficiency is greatly superior to the haphazard results of the competitive examination, which commanded no respect of clerks or subordinates."

"List this record of efficiency only counts for 20 per cent, while the competitive results count for 80 per cent. It would be vastly better for the service and the competitive examinations to reverse these rates and make the efficiency record count 80 per cent, and the results of the examination to count 20 per cent. In any event, proper provision for the exercise of the best judgment of the responsible head of the Bureau in the matter of promotions should be made."

"LITTLE TIPPETT'S" MANAGER. Lawyer Leventritt Secures an Execution Against Him.

LAWYER David B. Leventritt, of the Standard Building, this morning secured an execution against Duncan B. Harrison for \$110.30 for legal services rendered. Judgment for the amount was given in the City Court.

Mr. Harrison is a brother of Maude Harrison, who was the former manager of the "Little Tippet" at Harrison's Theatre.

The recent fire was raised in the hands of Deputy Sheriff Finn with instructions to levy on the bookkeepers and bookkeeper receipts until the amount of the judgment was paid.

EXTRA. TALK OF THE TURF.

Sharp Practices Checked at the Guttenburg Track Yesterday.

RULE 49 TO BE ENFORCED.

Rumored that Capt. Brown Will Retire—McDermott's Improved Riding.

No fair-minded man will condemn Judge Burke for his action in declaring bets off in the fourth race at Guttenburg yesterday. He abruptly checked a practice which places the public and the bookmakers at a decided disadvantage, and had a perfect right to act as he did under the rules of racing. In order that the readers of this column may fully understand the reason for Judge Burke's ruling it may be necessary to explain matters.

The pool-rooms in this city pay a considerable sum to the Guttenburg track for information regarding the races. Naturally they expect, and are fully entitled to, the protection of the officials. Their representative at the track is William Kane.
